G'day folks, I'm new to the forum. I have recently purchased a 2002 Scarabeo ditech, and I am trying to identify what engine it has. I have been to two Aprilia dealers and they are unable to tell me. And although I can find posts on SR50's I can't find information on the Scarabeo. I want to find out 'cause I lost compression yesterday and can no longer start it (suspect blown head gasket).
