CAT C7 Commonalities With CAT 3126. The CAT C7 shares many common configurations with the CAT 3126. The engine configuration was the same as the 3126 but the fuel system changed using a new engineered style known as the HEUI injector. The HEUI injector allows for multiple injections at different metered rates.

The appearance of the FMI 06 code is most often associated with a malfunction of the output circuits in the electronic control units. Example - FMI code 06 appears when the circuit is shorted to ground. The reasons for the appearance of the codes FMI 06 and FMI 04 are very similar, and the FMI 06 code is sometimes used instead of the FMI code 04.
