Fragment (novel) - Wikipedia

Warren Fahy has created a masterpiece of creativity, intelligent scientific theory, sociological debate, and horror. There is so much involved in this story that it truly stands out within the Sci-Fi genre. It has enough similarities to Jurassic Park to make for an apt comparison, but is unique enough to be viewed separately as well.

Warren Fahy - amazon.com

Fragment, the scintillating science-fiction thriller by Warren Fahy, is the second sort of page-turner: literally every paragraph will draw you in and propel you along. Even better, when you reach the end, you'll have that feeling of not wanting it to stop, and probably - like I did - you'll flip back to the beginning and start the adventure again.
