Revolving Architecture Book - COOL HUNTING®

The revolving restaurants are still and always will be a global craze because of its unique history and its architecture. Know the World's First Revolving Restaurant In 1959, A Seattle hotel executive named Edward E. Carlson doodled the idea of a flying saucer-shaped top house building on a napkin and called it "Space Needle".

A Brief History of Space Needle the Revolving Restaurant

In Australia, however, the history of the revolving door is not so well recorded. It is believed that the first use was at the (then) State Bank in Collins Street in Melbourne in the mid 1980s. Whether the 80-odd years between the take-up of the invention has anything to do with Australians simply being better mannered and friendlier than their transatlantic counterparts is mere conjecture.
